

1. Identification of the substance/mixture

1.1 Product name: HP-Invius

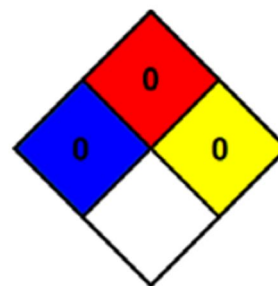

1.2 Relevant identified uses of the substance or mixture

Industrial: Antimicrobial Coating

Professional Use: Antimicrobial coating

Application: Spray coater

Uses advised against: Not identified.

2. Hazard Identification:

Potential Acute Health Effects: No potential hazard reported

Potential Chronic Health Effects: No potential hazard reported

CARCINOGENIC EFFECTS: Not classified as carcinogenic

MUTAGENIC EFFECTS: Not classified as Mutagen

TERATOGENIC EFFECTS: Not classified as Mutagen

DEVELOPMENTAL TOXICITY: Not classified

3. Composition/information on ingredients

Proprietary Formulation

4. First Aid Measures:

Eye Contact: Adverse effects not expected from this product

Skin Contact: Adverse effects not expected from this product

Inhalation: Adverse effects not expected from this product

Ingestion: Adverse effects not expected from this product

5. Fire and Explosion Data

Auto-ignition temperature: No data available

Decomposition temperature: No data available

Explosion limits: No data available

Explosive properties: Not applicable.

Oxidizing properties: None

NFPA Hazard codes:

Health: 0 Fire: 0 Reactivity: 0 Special:

6. Accidental Release Measures

Small Spill: Soak up spills with inert solids, such as clay or diatomaceous earth

Large Spill: Soak up spills with inert solids, such as clay or diatomaceous earth

7. Handling and Storage

Solubility: Soluble in acetic acid. Soluble in acetone. Soluble in ethanol. Soluble in glycerol. Soluble in hydrochloric acid. Soluble in methanol. Soluble in propylene glycol.

Precautions: Avoid very high or low temperatures

Storage: Avoid very high or low temperatures

8. Exposure Controls/Personal Protection

Engineering Controls: No specific provisions required

Personal Protection: Splash goggles, Lab coat, Gloves.

Personal Protection in Case of a Large Spill: Splash goggles, Full suit, Boots, Gloves,

Exposure Limits: Not available.

9. Physical and Chemical Properties

Physical state : Liquid

Color : Colorless

Odor : None.

Odor threshold : No data available

pH : 7

Melting point : 0 °C

Viscosity, kinematic: 1.004 mm²/s

Viscosity, dynamic: 1.002 cP

Freezing point : No data available

Boiling point : 100 °C

Critical temperature : 374.1 °C

Critical pressure : 218.3 atm

Flash point : No data available

Relative evaporation rate (butyl acetate=1) : No data available

Flammability (solid, gas): Non flammable.

Vapor pressure : 17.535 mm Hg

Vapor pressure at 50 °C : 92.51 mm Hg

Relative vapor density at 20 °C : No data available

Relative density : 1

Specific gravity / density : 0.99823 g/ml

10. Stability and Reactivity Data

Stability: The product is stable.

Instability Temperature: Not available.

Incompatibility with various substances: Incompatible with metallic sodium, potassium, rubidium, cesium

Corrosivity: Non-corrosive

Polymerization: No.

11. Toxicological Information

Skin corrosion/irritation: Not classified pH: 7

Serious eye damage/irritation: Not classified pH: 7

Respiratory or skin sensitization: Not classified

Aspiration hazard: Not classified

Likely routes of exposure: Skin and eye contact.

Potential Adverse human health effects and symptoms: Based on available data, the classification criteria are not met.

Symptoms/effects: Not expected to present a significant hazard under anticipated conditions of normal use.

12. Ecological information

No additional information available

13. Disposal considerations

Waste disposal of substance:

Dispose in a safe manner in accordance with local/national regulations.

14. Transport information

Land transport

Not classified as a dangerous good under transport regulations

Sea transport

Not classified as a dangerous good under transport regulations

Air transport

Not classified as a dangerous good under transport regulations

15. Regulatory information

Listed OSHA hazard category: Not available

16. Other information

NFPA Rating

Health: 0 Fire: 0 Reactivity: 0 Special:
