

## HP-PCR HDPE

## MATERIAL SAFETY DATA SHEET

**I. PRODUCT IDENTIFICATION****PRODUCT NAME:** HP-PCR HDPE**PHONE NUMBERS:****EMERGENCY NUMBER:** 080-28078730/080-28078731**II. PHYSICAL AND CHEMICAL PROPERTIES****FORM / APPEARANCE:** Solid granules**ODOR:** N/A**PERCENT VOLATILES:** N/A**MELTING POINT:** 130 to 140°C**SOLUBILITY IN WATER:** Insoluble**SPECIFIC GRAVITY:** 0.947–0.977 @ 23°C**CHEMICAL COMPOSITION:** High Density Polyethylene (HDPE)**III. STABILITY AND REACTIVITY****STABILITY:** Stable**MATERIALS TO AVOID:** None known**IV. EXPOSURE CONTROLS/PERSONAL PROTECTION****VENTILATION:** Ensure good ventilation of the work station. In molten state: Do not breathe vapors. Avoid contact with skin, eyes and clothing. Wear personal protective equipment.**PROTECTIVE EQUIPMENT****SKIN:** None under normal use. In molten state: Wear suitable protective clothing**V. EXPOSURE CONTROLS/PERSONAL PROTECTION - continued****EYE:** Safety glasses are recommended as a good industrial hygiene and safety practice.**RESPIRATOR:** None under normal use. In molten state: In case of insufficient ventilation, wear suitable respiratory equipment**ADDITIONAL PROTECTIVE MEASURES:** Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink or smoke when using this product. Always wash hands after handling the product. Contaminated work clothing should not be allowed out of the workplace. Wash contaminated clothing before reuse.**VI. HEALTH HAZARDS IDENTIFICATION****ACUTE OR IMMEDIATE EFFECTS**

## HP-PCR HDPE

## MATERIAL SAFETY DATA SHEET

|                                 |                                                                                                                      |
|---------------------------------|----------------------------------------------------------------------------------------------------------------------|
| <b>SKIN:</b>                    | Contact with hot material will cause thermal burns                                                                   |
| <b>EYES:</b>                    | Mechanical irritation to the eyes may occur due to exposure to fines. Eyes may become red and scratchy and may tear. |
| <b>INHALATION:</b>              | Toxic gases/fumes given off during burning or thermal decomposition cause respiratory irritation                     |
| <b>CHRONIC/CARCINOGENICITY:</b> | Not listed as a carcinogen                                                                                           |

**VII. FIRST AID MEASURES**

|                    |                                                                                                                               |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------|
| <b>SKIN:</b>       | Wash affected areas with soap and water. See a physician if thermal burn occurs                                               |
| <b>EYES:</b>       | Flush with plenty of lukewarm water. See a physician or ophthalmologist for follow-up if irritation is present and persists   |
| <b>INHALATION:</b> | Move to an area free from risk of further exposure. Give oxygen or artificial respiration as needed. Obtain medical attention |

**VIII. FIRE FIGHTING MEASURES**

|                                                        |                                                                                                      |
|--------------------------------------------------------|------------------------------------------------------------------------------------------------------|
| <b>AUTOIGNITION TEMPERATURE:</b>                       | N/A                                                                                                  |
| <b>HAZARDOUS PRODUCTS OF COMBUSTION:</b>               | Carbon monoxide, carbon dioxide, Traces of aliphatic and aromatic hydrocarbons, aldehydes and acids. |
| <b>EXTINGUISHING MEDIA:</b>                            | Water; carbon dioxide, dry chemical, foam                                                            |
| <b>SPECIAL FIRE FIGHTING INSTRUCTIONS/PRECAUTIONS:</b> | Full emergency equipment with self-contained breathing apparatus must be worn by firefighters        |

**IX. ACCIDENTAL RELEASE MEASURES****SPILL OR RELEASE:**

If molten material is spilled, allow it to solidify. Remove material mechanically by a method which minimizes the generation of airborne dust and place in appropriately marked containers.

**X. HANDLING AND STORAGE****HANDLING:**

When handling, ensure good ventilation of the work station. In molten state: Do not breathe vapors. Avoid contact with skin, eyes and clothing. Wear personal protective equipment.

**STORAGE:**

To guarantee the quality and properties of the product: Store in a well-ventilated place. Store in original container. Keep container tightly closed to avoid moisture absorption and contamination.

## HP-PCR HDPE

## MATERIAL SAFETY DATA SHEET

Incompatible materials: Strong oxidizing agents.

Storage temperature: 0 – 30 °C (Relative air humidity: 50% RH)

Keep away from heat, sparks and flames. Keep out of direct sunlight.

**XI. DISPOSAL CONSIDERATIONS**

**DISPOSAL:** Regional legislation (waste): Dispose of in accordance with relevant local regulations.  
Waste treatment methods: Dispose of contents/container in accordance with licensed collector's sorting instructions.

Product/Packaging disposal recommendations: Empty containers should be taken for recycling, recovery or waste in accordance with local regulation

**XII. DISCLAIMER OF EXPRESSED AND IMPLIED WARRANTIES**

The information presented in the Material Safety Data Sheet is based on data believed to be accurate as of the date this Material Safety Data Sheet was prepared. HOWEVER, NO WARRANTY OF MERCHANTABILITY, FITNESS FOR ANY PARTICULAR PURPOSE, OR ANY OTHER WARRANTY IS EXPRESSED OR IS TO BE IMPLIED REGARDING THE ACCURACY OR COMPLETENESS OF THE INFORMATION PROVIDED ABOVE, THE RESULTS TO BE OBTAINED FROM THE USE OF THIS INFORMATION OR THE PRODUCT, THE SAFETY OF THIS PRODUCT, OR THE HAZARDS RELATED TO ITS USE. No responsibility is assumed for any damage or injury resulting from abnormal use or from any failure to adhere to recommended practices. The information provided above, and the product, are furnished on the condition that the person receiving them shall make their own determination as to the suitability of the product for their particular purpose and on the condition that they assume the risk of their use. In addition, no authorization is given nor implied to practice any patented invention without a license.
